

ANNEX 2

FINANCIAL RESOURCES ALLOCATED TO THE GIS EIRE FOR THE FIRST FINANCIAL YEAR (2019-2021)

- The yearly contribution is set at 500 euros for any higher education public institution, acting in the name and/or on account of a research entity (work-group, cluster of researchers, research unit, team, network, etc.) in Irish Studies.
- The yearly contribution is set at 150 euros per researcher for any higher education public institution where one or several researchers are taking part in the GIS programme, even if their research unit does not specialize in the field. If more than three researchers are involved in the GIS, the contribution is set at 500 euros maximum.
- The yearly contribution is set at 150 euros for independent researchers whose institutions do not wish to participate in the GIS EIRE
- The yearly contribution is set at 500 euros for non-French institutions (universities, research centers, museums, cultural centers, embassies, etc.).

The contribution will be paid to the Accounting Officer of the University of Rennes 2. The payment of the annual subscription will be made on March 1st of each year at the latest to the following account:
